Who We Are ?

MARQUE ÉLAN

GCC Market Entry & Brand Expansion Consultancy

At Marque Élan, we help international FMCG brands successfully enter, position, and expand within the GCC and Middle East markets through strategic market insight, distributor partnerships, and commercial execution.

We bridge the gap between global suppliers and regional distributors, retailers, and HORECA channels — ensuring brands launch with clarity, speed, and long-term scalability.

Wholemeal Flours

A Legacy of Excellence

An Italian agri-food leader established in 1958, specializing in flour processing and global distribution—seamlessly connecting agricultural origins to international markets.

Originally focused on industrial durum wheat, the company expanded into soft wheat in 2011, building a professional-oriented portfolio and introducing innovative flour concepts including advanced solutions centered on wheat germ and new product concepts that go beyond traditional and wholemeal categories.

Uncompromised Quality & Innovation

- Carefully selected premium grains
- Outstanding technological performance & sensory consistency
- Modern milling preserving natural properties
- Dedicated R&D facilities driving continuous innovation

Tailored for Professionals

Designed for: **Bakers | Pizzaioli | Pasta Makers | Pastry Chefs**

High-performance range including:

- Refined flours
- Semolinas
- Application-specific blends

Differentiation & Added Value

- Innovative wheat germ-based solutions
- A new product segment beyond standard flour categories
- Premium vacuum packaging preserving freshness, aroma & integrity.
- Beyond products, the company offers expert support across key segments—bakery, pasta, pizzeria, and pastry—providing technical guidance and services at every stage.
- Sustainability is the central of the operations, with environmentally responsible practices

Pasta, bakery, dairy, canned fish & foods, tomato sauces, beverages, oils, ready meals, home baking, and baby food

An Italian-born, Europe-based company whose core business is carried out in the food & beverage sector.

2. CANNED TOMATO

The largest tomato processing plant in Europe

- Over 1,300 employees
- Complete and transparent traceability (100% from Puglia)
- 100% ethical tomatoes
- Industry leading working practices

The Foggia plant is one of the most modern and efficient tomato processing facilities in Europe. The site, covering an area of 120,000 square meters, processes 300,000 tonnes of fresh regional tomatoes each year.

The vast majority of the fresh tomatoes used at the Foggia plant are sourced locally and processed at the facility, which is located a short distance from the harvesting areas.
